

AL INVEST Břidličná, a.s., is a growing profitable company which supplies a wide range of aluminium-based products to its customers and offers innovative solutions with a high utility value through an optimum use of our processes.

We want to assure our customers, by providing high quality products and related services, that we are a long-term, reliable, and trustworthy partner that offers a reasonable product value, and thus ensures long-term cooperation and common prosperity.

We have a quality management system, which we continuously improve in order to render it simple and effective. Individual parts of the system are certified according to the following standards:

ISO 9001 – Quality Management System,

IATF 16 949 – Quality Management System for suppliers in the automotive industry,

BRC / IoP – Food safety management for manufacturers of packaging materials

AD 2000 W0 – Material Manufacturer for pressure equipment,

EN 15088 – Structural products for construction works from aluminium alloys.

IN SPIRIT OF CORPORATE SOCIAL RESPONSIBILITY, WE COMMIT OURSELVES TO:

- Consistently follow applicable laws.
- Be ethical in respect to our customers, employees, and the environment.
- Create safe working environment and improve overall working conditions for our employees, including improvement of the organization's culture quality.
- Establish our company as a major regional employer with ties to our region.
- Minimize the impact of our manufacturing activities on the environment.
- Deliver safe, harmless packaging products into the food chain.
- Have an active manufacturing and business policy in respect to our customers, address their needs, suggestions and comments.
- To cooperate with the union organization, to apply the attitude of the fair opportunities towards the employees, to forbid discrimination and to support the employees in their professional growth.
- To cooperate actively with the state authorities, organizations and local authorities that are within reach of the company.

QUALITY MANAGEMENT PRINCIPLES

- Quality is our common goal and responsibility of each of us.
- Continuous improvement of performance and quality in all areas, and ongoing evaluation of the attainment of set goals.
- Systematic cooperation with suppliers to improve the quality of raw materials.
- Employee involvement in improving business processes and improving the quality of our products.

All employees help implement the company policy by recognizing their individual responsibility and obligations and by applying the principles in their everyday work.
